

CHRISTINE BAXTER

REFERENCES

Gina A. Ross, CPA

Sole Proprietor

Gina A. Ross, CPA

Relationship

Direct manager at Cardinal Health Regulatory Sciences from January 2005 through March 2019

"During the 12 years I managed Christine, she constantly and consistently worked at improving her technical skills as well as her knowledge of compiling and presenting data analytics for performance and business reviews; understanding and applying the 21CFR Part 11 requirements and eCTD requirements; developing client and submission management processes, and personnel management.

Christine's strong IT background and her many years of experience working in a highly regulated industry make her an outstanding candidate for any size organization."

Greg Onyszchuk

Head of Regulatory Affairs

Lexicon Pharmaceuticals, Inc.

Relationship

Executive Leader at Cardinal Health Regulatory Sciences from Aug 2008 through July 2020

"In my 12 years working alongside and collaborating with Christine, she consistently demonstrated a very strong aptitude to understand how business data analytics and business intelligence can support sound business decisions. Further, Christine successfully developed data aggregation programs and visualization tools at Cardinal Health which both enabled data-informed decision making and provided the foundation for the regular preparation of quarterly and yearly business metrics which proved highly valuable in marketing and sales initiatives and in new client acquisition."

Lavonne Patton, PhD

Director, Regulatory Affairs and Product Development

Cardinal Health Regulatory Sciences

Relationship

Colleague at Cardinal Health Regulatory Sciences from January 2005 through July 2020.

Christine and I worked together for several years before I joined Cardinal Health Regulatory Sciences in 2004 and I recommended that we bring Christine into the Cardinal Health Organization.

"I have worked in the Pharmaceutical Industry for over 35 years and worked with Christine Baxter for approximately 20 of those 35 years. I have always found Christine to be extremely talented and driven. Christine is dedicated, determined, thoughtful, and willing to do what it takes to get a task completed on time and with quality. Whenever there were regulatory IT system issues, Christine would be our go-to person and she was always able to provide solutions or explanations for our issues. I would highly recommend Christine for any opportunity as she has the demonstrated skills and qualities to be successful."
